Patient Financial Policy Sheet

To reduce confusion and misunderstanding between our Patients and practice, we have adopted the following financial policies. If you have any questions regarding these policies, please discuss them with us. We are dedicated to providing the best possible care and service to you and regard your understanding of your financial responsibilities as an essential element of your care and treatment.

Unless other arrangements have been made in advance by either you or your health insurance carrier, full payment is due at the time of service. For your convenience, we accept payment by check, cash, debit card, Visa or Mastercard.

Your Insurance

We have made prior arrangements with many insurers and health plans to accept an assignment of benefits. This means that we will bill those plans for which we have an agreement and will only require you to pay the authorized co-payment at the time of service. This offices' policy is to collect this co-payment when you arrive for your appointment.

Your assistance in securing timely payments of your claims may be required. If your health plan requires that you obtain prior authorization in the form of a REFERRAL from your primary care physician (PCP), or PRECERTIFICATION before procedures or treatment plans may be initiated, we ask that you inform our staff and assist us to assure these arrangements are made in advance.

If you have insurance coverage with a plan for which we do not have prior agreement, we will prepare and send claims on your behalf. You should be aware however, that the Patients' share of the medical fees owed when using non-contracted physicians will usually be more than when using contracted physicians.

Not all services are a covered benefit in all insurance plans. Some health plans select certain services that will not be covered. In the event that your health plan determines a service to be "not covered", you will be responsible for the complete charge. Payment of the balance that is designated as the Patients' responsibility is due upon receipt of a statement from our office.

We will bill your health plan for all services provided in the hospital. Any balance due is your responsibility and is due upon receipt of a statement from our office or from your insurance.

Keep in touch: Do not assume your insurance carrier is "working on it". Contact them if you have not received a notice of payment within 30 to 45 days of your services. If payment is delayed by your health plan, you will be asked to contact them or your health benefits office to identify the issues. You will be held responsible for services not paid by your health plan.

Minor Patients

For all services rendered to minor patients, we will look to the adult accompanying the patient, or the parent or guardian with custody, for payments.

I have read and understand the financial policy of the practice, and I agree to be bound by its' terms. I also understand and agree that the practice may amend such terms from time to time.
